

# THE NORDIC U-GRIP STUDDED NETLINK CHAIN

ENGINEERED  
IN CANADA

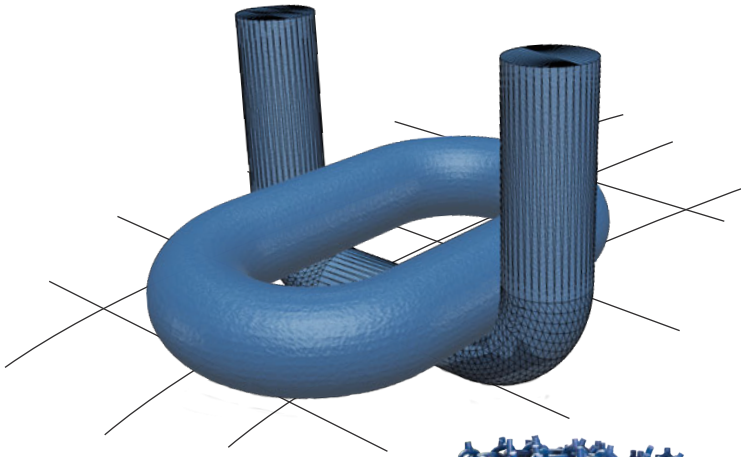

# NORDIC

## tire chains

"Built For Our Own Backyard"

# THE NORDIC U-GRIP STUDDED NETLINK

## DURABILITY & STABILITY

The underneath link design prevents chain from twisting and shifting which results in even wear.

Available in Double and Triple Patterns

## U-Grip Double Diamond

- Heat treated alloy steel for durability.
- U-Grip studs wrap underneath chain links for extra stability on the tire.
- Double diamond pattern for continuous traction in snow, ice & mud.
- Available in a variety of material sizes (14mm, 16mm, 18mm, 20mm depending on tire size).

## U-Grip Triple Diamond

- Heat treated alloy steel for durability.
- U-Grip studs wrap underneath chain links for extra stability on the tire.
- Triple diamond pattern for greater protection, maximum traction & life.
- Available in a variety of material sizes (16mm, 18mm, 20mm depending on tire size).

TIRE SIZES	BASE PART #	MATERIAL SIZES	WEIGHT
23.1x26	NLU231-16	16mm (5/8")	860lbs
30.5x32	NLU305-18	18mm (3/4")	1490lbs
	NLU305-20	20mm (13/16")	1696lbs
35.5x32	NLU355-18	18mm (3/4")	1894lbs
	NLU355-20	20mm (13/16")	2013lbs
73x44x32	NLU730-18	18mm (3/4")	1712lbs

TIRE SIZES	BASE PART #	MATERIAL SIZES	WEIGHT
35.5x32	NLTU355-20	20mm (13/16")	2789lbs
73x44x32	NLTU730-16	16mm (13/16")	1731lbs

Instruction Manuals included on most skidder chains and PDF versions available online via [www.qccanada.com](http://www.qccanada.com)

## Parts & Accessories

Heavy Duty Screw Actuated Tightener (2506HD)

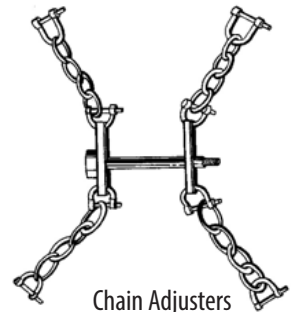

Tightening Tool "A Type" (2507)

Pin Shackles

Repair Rings

Chain Adjusters
